State of New California

Grievance 35

Declaration of Grievance Statement of Facts

The people of California are suffering from a tyrannical state government which fails to provide a republican form of governance, enables and supports across its southern border the invasion of the United States of America by illegal foreign nationals and protects vicious criminals who commit outrageous acts of violence upon the Citizens of America all caused by a government of and for a mono-party system lead by a tyrannical dictator who openly defies federal law.

California State Government Violates the Following: United States Constitution Article IV Section 4

"The United States shall guarantee to every state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence."

United States Constitution Article VI

First Amendment, United States Constitution

"Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the government for a redress of grievances."

But Congress may by a vote of two-thirds of each House, remove such disability.

BALLOT FRAUD

California Violated Election Law...Mail In Ballots are Invalid

Lawless California has now brazenly violated their very own election laws.

California has certified illegal ballots, and in so doing the citizens of New California State have been defrauded and disenfranchised, and so have other states in the Union. California's 55 illegal electoral votes must be decertified and discarded.

From an article by Daniel Bobinski republished from (UncoverDC.com)

“California has been mostly absent from the discussion of election law violation, but new information reveals that wording legally required to be on its ballots was missing, in direct violation of its own state law. This means the ballots should not have been cast or counted, yet California certified its ballots, and thus illegally cast its electoral votes for Joe Biden.

Let’s be clear about something: Our nation’s founders tried for years to work out their differences with England’s King George. But George was a tyrant, and a war broke out that lasted eight years. After that war, our founders avoided creating a government that was ruled by a man—they decided to be governed by laws.

Unfortunately, we now have states ignoring their own state and federal election laws, and by disregarding these laws, their election results must be nullified. Either that, or we’re no longer a country governed by laws.

California violated its own election laws

In California state law, the election code is titled “Division 13. BALLOTS, SAMPLE BALLOTS, AND VOTER PAMPHLETS.”

In Article 1 of this code we find **Election Code 13200**, which reads as follows:

“Ballots not printed in accordance with the chapter [Chapter 3] shall not be cast nor counted at any election.”

That’s straightforward English. It’s at the 9th-grade reading level, so assuming California’s election officials can understand it, here it is one more time, with emphasis:

“Ballots not printed in accordance with the chapter [Chapter 3] shall not be cast nor counted at any election.”

When we read a little further, we find Section 13205. Since we’re talking about the election of the President and Vice President, we’ll look at the applicable subsection:

13205 (b). In elections when electors of President and Vice President of the United States are to be chosen, there shall be placed upon the ballot, in addition to the instructions to voters as provided in this chapter, an instruction as follows:

“To vote for all of the electors of a party, mark the voting target next to the names of the presidential and vice presidential candidates of that party. A mark of the voting target next to the name of a party and its presidential and vice presidential candidate, is a vote for all of the electors of that party, but for no other candidates.”

In other words, by California law, the paragraph quoted was supposed to appear on all California ballots. And remember, according to Section 13200, **“Ballots not printed in accordance with the chapter [Chapter 3] shall not be cast nor counted at any election.”**

And guess what? According to data collected by the American Independent Party in California, those words did not appear on ballots in 53 of California’s 58 counties. In the remaining five counties, ballots required additional wording that is outlined in California Election Code 12305 (c). Some of those county’s ballots included the wording from section (b), but ballots in all five of those counties were still missing the required wording from section (c).

This means 100 percent of California’s voting was conducted in complete violation of its state election laws.

If the United States is to be a country governed by laws, none of the ballots from California should have been cast nor counted. It’s right there in California state code. Thus, all of California’s ballots are invalid, they cannot be officially counted in the state’s vote totals, and California’s electoral college votes must be invalidated.

Either we’re a nation of laws or we’re not. If states in our union are to be governed by laws and not lawless tyrants,

To review:

- **California’s laws clearly state that certain instructions need to appear on its presidential election ballots.**
- **Those instructions did not appear on California’s ballots.**
- **California’s laws clearly say that if the instructions do not appear, those ballots cannot be cast or counted.**
- **Therefore, ballots from California cannot be cast nor counted.**

On Jan. 6, when the Electoral College votes are unsealed in our nation’s capital, someone with integrity in the United States Congress needs to challenge California’s 55 electoral votes as well as Pennsylvania’s 20 electoral votes.

If California’s and Pennsylvania’s votes are not challenged and denied, we are no longer a nation governed by laws, but a nation ruled by tyrants who disregard the law. And if that happens, Americans will need to decide once again if that’s the kind of government they want”.

A state of war exists between We the People of the United States and foreign and domestic enemies who are engaged in attempting to overthrow our elections and control public opinion through media racketeering and conspiracy right here in California.

We, the People, are determined to stop the “one man rule’ of a *pusillanimous* craven dictator whose words and actions are a grave danger to all U.S. Citizens living in California.

Insurrection

The government of California, the current socialist governor/dictator and mono-party system along with local officials are following a coordinated design with the intent to actively engage in “*Acts of Insurrection*” against the U.S. Constitution.

The **Insurrection Act of 1807** and the *Emergency Economic Powers Act* are United States federal laws that govern the ability of the President of the United States to deploy military troops within the United States to put down lawlessness insurrection, and rebellion.

On September 12, 2018 President Trump signed **Executive Order 13848** and declared a national emergency pursuant to the International Emergency Economic Powers Act. Then on September 10, 2020 the national emergency declared on September 12, 2018, was continued for 1 year beyond September 12, 2020.

Acts of Secession

The California government in conjunction with the socialist state executive, instituted wherever the current socialist governor/dictator has usurped power has actively engaged in “*Acts of Secession*” and have created a reign of terror on United States Citizens living in California with the intent to **secede** from the United States of America to thus destroy the very **Union of States** which secures our **Liberty and Freedom**.

Abdication of Authority

Betrayal by the sitting socialist governor/dictator of California the mono-party legislature and local elected officials is evidence of “*Abdication of their Responsibilities of Authority and Sovereignty*” over the Citizens of the United States living in California State.

Prayer

The Citizens of New California State Pray for the President to exercise his authority under the Insurrection Act of 1807 to end the tyranny being foisted upon the United States Citizens living in California State.

This concludes these proceedings.
