Times wrote: “In 1966, Prop. 1A was the constitutional amendment that began the “upgrading” of the California Legislature into a full-time, “professional” body. The notion was sold by then-Assembly Speaker Jess Unruh and others: By removing restrictions on meeting times and dramatically increasing legislative salaries – at the same time Unruh was moving to establish a professional legislative staff – the Legislature would become more independent of special interests and gubernatorial control. Legislators would have more time and expertise to evaluate bills and develop their own policy initiatives. Voters brought that argument. But by establishing a full-time professional Legislature, California voters got something else in the bargain. The full-time professional lawmaker has become a full-time professional politician. Policy-making and enlightened legislation – the goals of Prop. 1A and subsequent reforms – have become subordinate to simply staying in office.”</p> <p>c.) From the Gettysburg Address, on whose anniversary we do declare our fate:</p> <p>a. We the citizens of the State of New California, and the sovereign Counties that lie within, united by our United States Constitution declare that this newly formed and sovereign State and "this nation, under God, shall have a new birth of freedom – and that government of the people, by the people, for the people, shall not perish from the earth."</p> <p>c.) California is in a state of free fall at all levels</p> <p>a. Orchestrated over 70 years</p> <p>b. By socialist and communists</p> <p>c. They are close to achieving their plan</p> <p>d.) There is one hope and that is a new constitution that the State of New California will provide to those in New California State.</p>	Article IV, Section 4 Article VI
